STRESS & MOOD

AnxiaEase™

Multifaceted stress and mood support*

Mechanisms of Action*

- **Promotes a healthy stress response** - Adaptogenic herbs and phosphatidylserine work to modulate cortisol levels and mediate the physiological response to stress.*
- **Supports cognitive relaxation** - Targeted herbs and nutrients to promote a positive mood and a relaxed state of mind.*
- **Nurtures a healthy mental state via the gut-brain axis** – Unique blend of probiotic strains (psychobiotics) with research demonstrating support for improved mood as well as cortisol and serotonin modulation.*

Supplement Facts

Serving Size: 2 capsules
Servings per Container: 60

Amount Per Serving	%Daily Value**	
Vitamin B-6 (as pyridoxal 5-phosphate)	25 mg	1471%
Magnesium (as magnesium taurate)	25 mg	6%
Healthy Stress Response	460 mg	†
Holy Basil (leaf) Extract, Ashwagandha (whole plant) Extract, Sharp-PS® Green Phosphatidylserine		
Calming Complex	610 mg	†
Lemon Balm (aerial) Extract, English Lavender (aerial) Extract, Passionflower (aerial) Extract		
Gut-Brain Soother	1.5 Billion CFU 10 mg	†
Cerebiome® (Lactobacillus helveticus Rosell®-52, Bifidobacterium longum Rosell®-175)		

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Hypromellose (veggie capsule), leucine.

Contains: Soy and milk.

Manufactured without eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

Many biological factors can contribute to anxiety and mood challenges. AnxiaEase™ features a unique blend of researched ingredients shown to support a healthy physiological response to stress and to promote the body and mind's natural ability to cope with stress and anxiety.

AnxiaEase™ employs a multifaceted approach, featuring adaptogenic herbs such as ashwagandha and holy basil, essential nutrients such as Vitamin B-6 and magnesium, calming herbs such as lemon balm, lavender, and passionflower, as well as a researched "psychobiotic" blend of probiotic strains.

The latest research on anxiety and stress-related issues has focused on the gut-brain axis and the ability of certain probiotic strains to promote healthy neural cytokine activity and healthy levels of serotonin, a crucial hormone that modulates emotional response. An increasing wealth of probiotic research indicates a breadth of support for the gut-brain axis, a critical component of overall mental and emotional wellness.

With its unique combination of researched-backed nutrients, herbs, and probiotics, AnxiaEase™ offers practitioners an exceptional tool to promote their patients' healthy response to mood and stress-related challenges.

Suggested Use

As a dietary supplement, take 2 capsules twice daily, with or without food, or as directed by your healthcare professional.

Caution

Do not use while pregnant or nursing.

Product No. RN159

ATP 360®

Next Generation Mitochondrial Complex

Supplement Facts

Serving Size 3 Capsules Servings Per Container 30

Amount Per Serving	% Daily Value**	
Vitamin C (from Membrane Restore™ Blend)	100 mg	111%
Thiamin (from Membrane Restore™ Blend)	50 mg	4167%
Riboflavin (from Membrane Potential™ Blend)	42 mg	3250%
Choline (from RN Lipid Concentrate™ Blend)	27 mg	5%
Magnesium (from Krebs Plus Foundation™ Blend)	50 mg	12%
Membrane Potential™ CoQ10, Riboflavin-5-Phosphate, Panmol® (NADH).	215 mg	†
Membrane Restore™ Ascorbic Acid, DeltaGold® Tocotrienols.	186 mg	†
RN Lipid Concentrate™ (Phosphatidylcholine, Phosphatidylethanolamine, Phytoglycolipids, Phosphatidylinositol)	400 mg	†
Krebs Plus Foundation™ R-Lipoic Acid, Alpha Ketoglutaric Acid, Magnesium (as Di-Magnesium Malate), Thiamine HCl.	225 mg	†
Mitogenesis RN™ Acetyl L-Carnitine, PQQ (Pyrroloquinoline Quinone).	210 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Hypromellose (vegetable capsule), rice hull extract, calcium carbonate, and mineral silica.

Contains: Ingredients derived from soy.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

Mitochondrial health can be influenced by a multitude of environmental factors. To improve mitochondrial function, both the number of mitochondria and the function of mitochondria need to be supported. ATP 360® was designed to offer complete mitochondrial support including promoting normal mitochondrial growth, supporting a healthy mitochondrial membrane, and supplying the necessary cofactors for optimal cellular energy production. Preliminary in vitro research has shown ATP 360® to increase mitochondrial mass, promote ATP production and help provide protection of the mitochondria during exposure to oxidative stress and low oxygen.

Suggested Use

As a dietary supplement, take 3 capsules once daily with or without food or use as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
Membrane Potential™	CoQ10, Riboflavin-5-Phosphate, Panmol™ (NADH)	• Supports the electron transport chain, forms ATP cellular energy & provides high dose CoQ10
Membrane Restore™	Ascorbic Acid, DeltaGold™ tocotrienols	• Restores mitochondrial membranes & reduces oxidative stress
RN Lipid Concentrate™	Phosphatidylcholine, Phosphatidylethanolamine, Phytoglycolipids, Phosphatidylinositol	• Maintain cellular membrane integrity
Krebs Plus Foundation™	R-Lipoic Acid, Alpha Ketoglutaric Acid, Magnesium, Thiamine	• Key nutrients to support the Krebs cycle
Mitogenesis RN™	Acetyl-Carnitine, PQQ (Pyrroloquinoline Quinone)	• Supports new mitochondria formation & helps increase mitochondrial mass supporting healthy function

ATP Fuel®

Optimized Energy for Mitochondrial Support

Supplement Facts

Serving Size 5 Capsules Servings Per Container 30

Amount Per Serving		% Daily Value**
Vitamin E (as d-alpha tocopheryl acid succinate)	12 mg	80%
Calcium (from Mitochondrial Pro Regulator™ Blend)	137 mg	11%
Phosphorus (from Mitochondrial Pro Regulator™ Blend)	37 mg	3%
Magnesium (from Mitochondrial Pro Regulator™ Blend)	41 mg	10%
NT Factor® Proprietary Blend: NT Factor Lipids® (Pat.No. 8,877,239), Fructo-oligosaccharides, Rice Bran Extract, Opti MSM®, Bromelain, Sulfur, Pantethine, Inositol, L-Arginine, L-Glycine, Taurine, Alpha Lipoic Acid, Garlic, Spirulina, Beet Root Fiber, Bifidobacterium bifidum, Leeks Stem powder, Lactobacillus acidophilus, Blackstrap Molasses, Boron.		
	2,000 mg	†
Mitochondrial Pro Regulator™	432 mg	†
Opti MSM®, Calcium (as dicalcium phosphate, calcium citrate and calcium pyruvate), Phosphorus (as dicalcium phosphate), Magnesium (as magnesium malate)		
Krebs Cycle Glucose Absorb™	180mg	†
Alpha ketoglutaric acid, L-Tyrosine		
RN Fatty Acid Metabolizer™	141mg	†
Carnipure® L-Carnitine-L-Tartrate, Pantethine (a Coenzyme A Precursor)		
Krebs Energy Foundation™	35mg	†
Coenzyme Q10 and stabilized NADH		

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Gelatin, rice flour, calcium palmitate.

Contains: Ingredients derived from soy.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat and gluten. Produced in a facility that may process other ingredients containing these allergens.

NT Factor Lipids® are a blend of polyunsaturated phosphatidylcholine, glycolipids & other polyunsaturated lipids.

NT Factor® and NT Factor Lipids® are registered trademarks of Nutritional Therapeutics, Inc.

Features & Benefits*

ATP Fuel®, the predecessor to our latest ATP 360®, was formulated to promote healthy mitochondrial membrane function and maximize the Krebs cycle of cellular energy production.

The NT Factor Lipids® portion of this product is a unique phospholipid (i.e. choline, serine, and other lipids) complex which supports healthy mitochondrial membranes, providing additional mitochondrial support and healthier oxidative stress levels. The Krebs Energy Foundation™ features stabilized NADH and CoQ10 to maximize cellular energy levels.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
ATP Fuel® Mitochondrial Support	Combination of the following complexes: Combination of the following complexes: NT Factor Lipids® – stabilized phospholipid delivery system, combined with pre and probiotics Mitochondrial Pro Regulator™ Krebs Cycle Glucose Absorb™ RN Fatty Acid Metabolism™	<ul style="list-style-type: none"> Supports healthy mitochondrial membranes Supports the electron transport chain in producing higher levels of ATP Allows more nutrients into the mitochondria to produce more ATP Provides antioxidants Promotes healthy mitochondrial function Propels the burning of glucose, creating energy & removal of excess ammonia which can cause fatigue Maximizes ATP production by regulating fatty acid buildup
NADH	NADH is the reduced (electron-energy-rich) coenzyme form of vitamin B3 or B-Nicotinamide Adenine Dinucleotide	<ul style="list-style-type: none"> One unit of NADH creates three units of ATP (the body's energy fuel) Fundamental in the chemical process of converting the food we eat into cellular energy Promotes healthy emotional balance We use stabilize NADH and microencapsulate it to resist gastric acids
CoQ10	Mitochondrial energizer	<ul style="list-style-type: none"> Recharges the energy system in the heart and other body cells Involved in preventing low-density lipoproteins, or LDL ("bad" cholesterol), from becoming oxidized. Promotes healthy cardiovascular function & gum health Potent antioxidant

Suggested Use

As a dietary supplement, take 5 capsules 30 minutes before breakfast and 5 capsules before lunch or dinner (10 capsules per day) for the first two months, and 5 capsules before breakfast in month three and beyond or use as directed by your healthcare professional. It is important to keep with the protocol for the first two months so that enough cell membranes are repaired, which will allow the patient to feel the difference.

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN105

Energy Multi-Plex™

Comprehensive Adrenal Support

Supplement Facts

Serving Size 3 Capsules Servings Per Container 30	
Amount Per Serving	% Daily Value**
Vitamin B12 (as methylcobalamin)	500 mcg 20,833%
Pantothenic Acid (as d-calcium pantothenate)	25 mg 500%
Magnesium (as magnesium aspartate)	24 mg 6%
Potassium (as potassium aspartate)	80 mg 2%
Energymax™ Complex D-Ribose, Panax Ginseng (root)	250 mg †
MuscularEnergy™ Complex Malic Acid, Rhodiola Rosea (root)	350 mg †
Mitochondria Energizer™ Complex Acetyl L-Carnitine HCl, Alpha Lipoic Acid	700 mg †
Metabolism Plus™ Complex Pyruvic Acid, 7-Keto® DHEA (3-Acetyl-7-oxo-dehydroepiandrosterone)	110 mg †
Heartstrong™ Complex Co-Enzyme Q-10, L-Taurine	580 mg †

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Hypromellose (capsule shell), microcrystalline cellulose, silicon dioxide.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

7-Keto® is a Lonza trademark

Features & Benefits*

Energy Multi-Plex™ provides comprehensive adrenal support with a proprietary blend of 14 researched nutrients. This non-glandular, vegan formula supports energy production and adrenal function without the negatives that can come with glandular-based adrenal supplements such as over-stimulation.*

Suggested Use

As a dietary supplement, take 3 capsules per day with or without meals or as directed by your health care professional. May be taken at the same time or throughout the day.

Each Capsule Includes:

Features	Constituents/ Actions	Benefits*
Energymax™ Complex	D-ribose Panax ginseng	<ul style="list-style-type: none"> Promotes healthy energy levels by raising the level of the body's energy fuel, ATP Supports healthy cognitive performance
MuscularEnergy™ Complex	Malic acid Rhodiola rosea	<ul style="list-style-type: none"> Key role in energy producing Kreb's Cycle and muscle recovery Adaptogenic affect to support physical activity
Mitochondria Energizer™ Complex	Acetyl-L-carnitine Alpha lipoic acid	<ul style="list-style-type: none"> Improves mitochondrial function while promoting healthy cognitive function Catalyst for ATP production in mitochondria
Metabolism Plus™ Complex	Pyruvic acid 7-Keto DHEA	<ul style="list-style-type: none"> Naturally increases without artificial stimulation of resting metabolism Multiple studies show increased fat utilization (fat loss) as an energy source
HeartStrong™ Complex	CoQ10 L-taurine	<ul style="list-style-type: none"> Used by the body to transform food into adenosine triphosphate (ATP), the energy on which the body runs Promotes healthy heart and gum tissue Modulates immune system Promotes healthy heart beat and cell wall stability
Integrated blend of key energy nutrients	Pantothenic acid Vitamin B-12 Magnesium Potassium	<ul style="list-style-type: none"> Key nutrients involved in producing, transporting and releasing energy from fat Promotes healthy neuromuscular function and muscle contractions

Cautions

Pregnant and nursing women should not take unless instructed to by their health care professional. Consult health care professional for use on children. Due to blood thinning effects of Ginseng, do not combine with anticoagulant drugs such as Coumadin® or with anti-inflammatory drugs that tend to cause bleeding including Aleve®, Anaprox®, Indocin®, Motrin®, Naprosyn®, Orudis®. D-ribose may also reduce blood sugar levels of diabetics.

Product No. RN101

NT Factor® Energy

Mitochondrial Support Formula

Supplement Facts

Serving Size: 2 Tablets | Servings Per Container: 45

Amount Per Serving		% Daily Value**
Vitamin E (as d-alpha tocopheryl acid succinate)	13 mg	87%
Calcium (from Mitochondrial Pro Regulator™ Blend)	143 mg	11%
Phosphorus (from Mitochondrial Pro Regulator™ Blend)	49 mg	4%
NT Factor® Proprietary Blend: NT Factor Lipids® (Pat.No. 8,877,239) , Fructo-oligosaccharides, Rice Bran Extract, Opti MSM®, Bromelain, Sulfur, Pantethine, Inositol, L-Arginine, L-Glycine, Taurine, Alpha Lipoic Acid, Garlic, Spirulina, Beet Root Fiber, Bifidobacterium bifidum, Leeks Stem powder, Lactobacillus acidophilus, Blackstrap Molasses, Boron (as Bororganic™ glycine).		
	1,500 mg	†
Mitochondrial Pro Regulator™ Opti MSM®, Calcium (as dicalcium phosphate, calcium citrate and calcium pyruvate), Phosphorus (as dicalcium phosphate).	355 mg	†
Krebs Cycle Glucose Absorb™ Alpha-Ketoglutaric acid, L-Tyrosine	180 mg	†
RN Fatty Acid Metabolizer™ L-Carnipure® L-Carnitine L-tartrate, Pantethine (a Coenzyme A Precursor)	128 mg	†

** Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Microcrystalline cellulose, vegetable stearic acid, croscarmellose sodium, vegetable stearate, silicon dioxide and pharmaceutical glaze.

Contains: Ingredients derived from soy.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat and gluten. Produced in a facility that may process other ingredients containing these allergens.

NT Factor Lipids® are a blend of polyunsaturated Phosphatidylcholine, glycolipids & other polyunsaturated lipids

NT Factor® and NT Factor Lipids® are registered trademarks of Nutritional Therapeutics, Inc.

Features & Benefits*

NT Factor® Energy promotes healthy mitochondrial membranes and provides key nutrients to the mitochondria, supporting ATP production. Those looking for the most advanced mitochondrial support should consider our clinically researched ATP 360®. However, for those avoiding CoQ10 due to other adjunct therapies, NT Factor® Energy provides a CoQ10 free option.

Maximum potency formulated for optimized absorption.

Suggested Use

As a dietary supplement, take 2 tablets with each meal (6 tablets per day) for the first two months, and 1 tablet with each meal in month three and beyond. For severe fatigue, increase to 3 tablets with each meal (9 tablets per day) for the first two months, and 1 tablet with each meal in month three and beyond or use as directed by your healthcare professional. It is important to keep with the protocol for the first two months so that enough cell membranes are repaired, which will allow the patient to feel the difference.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Tablet Includes:

Features	Constituents/Actions	Benefits*
NT Factor Maximum Potency™	Polyunsaturated phosphatidylcholine, glycolipids & other polyunsaturated phosphatidyl nutrients; <i>Bifido</i> and <i>Lactobacillus bacterium</i> freeze-dried and microencapsulated in a state of suspended animation with the potential to form healthy microflora colonies; Growth Media to support microflora colonies	<ul style="list-style-type: none"> Highest potency available Supports membrane health, function, fluidity, and potential (versus antioxidants which only slow down the rate of new damage) Promotes energy and mental clarity Supports nutrient absorption from food
Mitochondria Pro Regulator™	Proprietary blend of calcium, phosphorus and magnesium	<ul style="list-style-type: none"> Optimizes mitochondrial function
Krebs Cycle Glucose Absorb™	Proprietary blend of Alpha-ketoglutaric acid and L-Tyrosine	<ul style="list-style-type: none"> Propels the burning of glucose, creating energy and removal of excess ammonia which can cause fatigue
RN Fatty Acid Metabolism™	Proprietary blend of L-carnitine, L-tartrate and pantethine	<ul style="list-style-type: none"> Supports ATP production by regulating fatty acid buildup which, if left unchecked, reduces mitochondrial function and increases cellular toxins
Vitamin E	Natural vitamin E (d-alpha tocopherol)	<ul style="list-style-type: none"> Natural antioxidant for nutritional support

Product No. RN144

CoQ10 Power™

High Absorption Softgel

Features & Benefits*

CoQ10 Power™ is a GMO-free and soy-free, 400mg therapeutic-strength dose of CoQ10 in an absorbable softgel delivery system. CoQ10 Power™ is an ultra-clean formula, containing no titanium dioxide (a common additive in many CoQ10 supplements).

CoQ10 is well known for its ability to support cardiovascular function and heart health, while providing support to energy production and acting as a powerful antioxidant.

Suggested Use

As a dietary supplement, take 1 to 3 softgels per day with or without meals or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size: 1 Softgel
Servings Per Container: 60

Amount Per Serving	%Daily Value**	
Calories	9	
Total Fat	0.8 g	1%
Coenzyme Q-10	400 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Non-GMO sunflower oil, gelatin, glycerin, purified water, non-GMO sunflower lecithin, annatto liquid, yellow beeswax.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

Product No. RN156

Ubiquinol Super 200™

CoQ10 for Enhanced Absorption

Features & Benefits*

Ubiquinol Super 200™ offers the patient 200 mg of the reduced form of CoQ10 for its primary antioxidant role. As people age, CoQ10 becomes more difficult to absorb. This reduced form of CoQ10 improves absorption, while offering an affordable option for those seeking the benefits of CoQ10 in the ubiquinol form.

Suggested Use

As a dietary supplement, take 1 softgel daily, preferably with a meal, or use as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size: 1 Softgel **Servings Per Container: 30**

Amount Per Serving	% Daily Value**	
Ubiquinol (Kaneka Ubiquinol™)	200 mg	†
(Enhanced Bioactivity CoQ10)		

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: D-limonene Oil, Gelatin, Glycerin, Caprylic Acid, Purified Water, Capric Acid, Alpha Lipoic Acid, Natural Caramel Coloring

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Q+®, Kaneka Ubiquinol™ and the quality seal are registered or pending trademarks of Kaneka Corp.

RibosCardio™ with CardioPerform™

Supports Healthy ATP for Every Body

Product No. RN126

Supplement Facts

Serving Size: 7.4 g (1 scoop or 2½ teaspoons)
Servings Per Container: 56

Amount Per Serving	%Daily Value**	
Calories	20	
Total Carbohydrates	5 g	2%
Dietary Fiber	0 g	0%
Total Sugars	5 g	
Added Sugars	5 g	10%
Magnesium (As Magnesium Gluconate)	40 mg	10%
D-Ribose	5 g	†
CardioPerform™	1 g	†
Proprietary blend of L-carnitine (from fumarate) and Acetyl L-carnitine hydrochloride		
Malic Acid	240 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Silicon dioxide.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

RibosCardio™ has been formulated, based on Steven Sinatra MD's work¹, with CardioPerform™, a potent blend of L-carnitine (transports fuel into the heart to be burned as energy) and Acetyl L-carnitine (improves heart & brain health, protecting against oxidative damage), plus the patented form of D-ribose, malic acid and magnesium gluconate to optimize energy production and synthesis. Published research shows our patented form of D-ribose may be an effective adjunct in promoting cardiovascular, skeletal muscle, and neurological health. With heart patients, D-ribose has been found effective in restoring energy, improving ventilatory efficiency, oxygen uptake, stroke volume, diastolic function, physical performance, and quality of life. In neuromuscular disease, D-ribose helps to reduce pain, overcome fatigue, increase exercise tolerance, and help patients live more normal, active lives.

Suggested Use

As a dietary supplement, add 1 level scoop (2 1/2 teaspoons) to water or juice and drink twice daily or use as directed by your healthcare professional. For a stronger effect, up to 4 doses may be taken daily for the first two weeks before reducing dosage to twice per day thereafter. For best results, doses should be taken in morning and at lunch.

Cautions

Insulin-dependent diabetics, pregnant women or patients with elevated uric acid levels should consult their health care professional before use.

Each Scoop (2.5 teaspoons) Includes:

Features	Constituents/ Actions	Benefits*
D-Ribose	Patented form used in research	<ul style="list-style-type: none"> Clinically-proven ingredient that accelerates the natural way our bodies produce energy As a building block of ATP (adenosine triphosphate), it rapidly restores depleted energy Research has shown that ribose promotes cardiovascular health, reduces cardiac stress associated with strenuous activity and helps athletes extend their exercise tolerance and accelerates recovery Ribose helps hearts and muscles maximize energy recovery
CardioPerform™	L-carnitine Acetyl L-carnitine	<ul style="list-style-type: none"> Transports fuel into the heart to be burned as energy Improves heart & brain health, protecting against oxidative damage
Magnesium	Gluconate form	<ul style="list-style-type: none"> Cells use magnesium in over 300 enzyme reactions, and it distributes energy evenly throughout the cell so it is available when and where it is needed Helps maintain normal muscle and nerve function, keeps heart rhythm steady, supports a healthy immune system, and keeps bones strong, assists in regulating blood sugar levels & promotes normal blood pressure Gluconate form may be taken on an empty stomach, while other forms may cause stomach upset in some people Gluconate form is absorbed more quickly than other forms
Malic Acid	Derived from apples	<ul style="list-style-type: none"> Helps mitochondria recycle energy, maximizing cellular energy output Essential in muscle recovery

¹ Dr. Sinatra has no financial relationship with Researched Nutritionals®.

Product No. RN103

Transfer Factor Multi-Immune™

Natural Killer Cell & Immune Modulator Formula

Features & Benefits*

Transfer Factor Multi-Immune™ provides an advanced comprehensive immune support formula, promoting healthy natural killer cells, macrophage, T-cells, and cell division. Product may be used as a daily-use supplement to promote and maintain healthy natural killer cell function as well as providing additional support to the immune system during acute health challenges.

Suggested Use

As a dietary supplement, take 3 capsules once daily, with or without food, or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size: 3 Capsules Servings Per Container: 30

Amount Per Serving	% Daily Value**
Zinc (as zinc citrate)	15 mg 136%
Selenium (as L-selenomethionine)	70 mcg 127%
NK Maximizer Bioplex™	1083 mg †
Transfer Factor NK+™ (a proprietary super blend of purified colostrum, transfer factors and PRP), Larch Arabinogalactan, IP-6 (inositol hexaphosphate), Shiitake 4:1 Extract, Maitake 4:1 Extract	
Macrophage and T-Cell Pro Blend™	270 mg †
Beta Glucan, Astragalus 40% Extract	
Healthy Cell GTP™	400 mg †
Green Tea Extract (standardized to 98% polyphenols, 75% catechins, and 40% EGCG), Pomegranate Extract (standardized to 40% ellagic acid)	

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Gelatin (capsule shell), silica, vegetable stearate.

Contains: Ingredients derived from milk.

Manufactured without eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

IMMUNE

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
NK Maximizer Bioplex™	Proprietary super blend of transfer factor, larch arabinogalactan, IP-6, shiitake and maitake mushrooms	<ul style="list-style-type: none"> Promotes healthy NK cell levels & immune modulation Engulfs foreign particles in blood stream and tissues Promotes metal chelation to prevent buildup of minerals which may weaken immune system
Macrophage & T-Cell Pro Blend™	Proprietary blend of TMG, beta glucan, and astragalus	<ul style="list-style-type: none"> Activates white blood cells known as macrophages and neutrophils Provides one of the immune system's first line of defense against foreign invaders Removes cellular debris & speeds up recovery of damaged tissue Promotes healthy T-cell function, cellular replication, and liver function
Healthy Cell GTP™	Proprietary blend of potent green tea and pomegranate extracts	<ul style="list-style-type: none"> Promotes healthy cell division Supports body's malignant cell apoptosis response Effective antioxidant properties
Zinc, Selenium	Integrated blend of key immune nutrients	<ul style="list-style-type: none"> Strengthens immune function Promotes normal cell growth Boosts antioxidant levels

Product No. RN111

Transfer Factor Multi-Immune™

Natural Killer Cell Formula (Mushroom-free)

Features & Benefits*

Transfer Factor Multi-Immune™ provides an advanced comprehensive immune support formula, promoting healthy natural killer cells, macrophage, T-cells, and cell division. Product may be used as a daily-use supplement to promote and maintain healthy natural killer cell function as well as providing additional support to the immune system during acute health challenges.

Suggested Use

As a dietary supplement, take 3 capsules once daily, with or without food, or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size: 3 Capsules Servings Per Container: 30

TRANSFER FACTOR PROTOCOL

STEP #1

Transfer Factor Multi-Immune™

(may be used alone or in conjunction with targeted formulations below)

- ✓ Supports NK cell function*
- ✓ Clinically researched
- ✓ Promotes healthy immune balance*

STEP #2

Targeted Transfer Factor

Transfer Factor L-Plus™ - Transfer Factor PlasMyc™ - Transfer Factor Enviro™

- ✓ Designed to be used in conjunction with Transfer Factor Multi-Immune™
- ✓ To reduce the chance/severity of a Herxheimer Reaction, it is best to introduce one product at a time, and wait 1-2 weeks before adding the next product.
- ✓ Contact your local sales consultant for further guidance selecting the appropriate targeted formulation

Boluoke®

Healthy Coagulation

Supplement Facts

Serving Size: 1 Capsule
Servings per Container: 120

Amount Per Serving	% Daily Value
Proprietary earthworm protein extract (Containing 300,000 LK units)	~20 mg *

* Daily Value not established.

Other Ingredients: Acid resistant hypromellose capsules, microcrystalline cellulose

Features & Benefits*

Boluoke® (lumbrokinase) is the only fully researched oral enzyme on the market supporting a healthier blood state, and it shows great promise in supporting a healthy coagulation/fibrinolysis balance in the body. Lumbrokinase is a preparation containing multiple enzyme fractions. The high-quality extraction and purification methods used to produce Boluoke® ensure a consistent,

standardized product, guaranteeing the highest enzymatic strength. This is also why Boluoke® does not significantly affect blood tests like prothrombin time (PT) or activated partial thromboplastin time (aPTT), while other lumbrokinase products may affect the test results.

Suggested Use

As a dietary supplement, if Boluoke® is to be taken for chronic conditions, it should be taken at the dose of 1 capsule one to three times daily on an empty stomach. However, the practitioner may recommend 2 capsules three times daily for 3 to 6 weeks in conditions with severe hypoperfusion.

Each Capsule Includes:

Features	Constituents/ Actions	Benefits*
20 mg of the active ingredient	Standardized potency in every capsule	<ul style="list-style-type: none"> Highest level of pure Lumbrokinase (active ingredient versus other non-essential nutrients) available
Promotes healthy coagulation	Proper thickness of the blood	<ul style="list-style-type: none"> Promotes healthy blood state by its ability to solubilize or break down excess fibrin Healthy fibrin levels mean the blood moves freely, without excess fibrin getting deposited on capillary walls Healthy fibrin levels allow blood to flow without being impeded so that oxygen and nutrients maybe delivered throughout the body, as well as to move wastes from the tissues into the bloodstream Pharmacologicals and nutraceuticals require free blood flow for optimal patient benefit
Supports body's antibiofilm process	Lumbrokinase enzyme to break down	<ul style="list-style-type: none"> Supports body's fight against biofilms by breaking down excess fibrin, a key component of biofilms
Clinically studied in double blind controlled studies		<ul style="list-style-type: none"> The research on lumbrokinase is on this brand, only - this research is often "borrowed" and applied to other products
Lumbrokinase has been safely used together with Heparin® or Coumadin® in various clinical studies		<ul style="list-style-type: none"> Does not have adverse drug interactions nor increase the chance of bleeding other than what is inherent to other blood thinners

Cautions

Lumbrokinase strongly inhibits adhesion molecules on platelets. Thus it is advised that lumbrokinase not be taken concurrently with other strong antiplatelet medications like Plavix® or Ticlid®. General contraindications for Boluoke® are: allergy to lumbrokinase or earthworm; recent surgery, lumbar puncture, or arterial puncture; trauma; aneurysm; active internal bleeding or GI ulceration; or any other bleeding disorders. The patient should stop Boluoke® 1 week prior to surgery, and should be able to resume taking Boluoke® 15 days after surgery or at the physician's discretion.

Product No. RN146

Microbinate®

General Microbial Support*

Features & Benefits*

Scientific studies and articles in trade publications have focused attention on how bacterial strains are mutating at a faster rate than our current new antibiotic product development, rendering many bacterial strains resistant to the current antibiotic arsenal. All bacteria treated with conventional antibiotics will develop antibiotic resistance over time. The medical community is increasing physician education about the over prescribing of antibiotics and patients not following through on complete cycles of antibiotics as key contributors to this problem.

Microbinate® combines nature's most potent and well-researched nutrients into one formulation. Our formulators selected specific ingredient forms (i.e. we use a

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
MB™ Blend	Oregano Extract Powder 30% Carvacrol	<ul style="list-style-type: none"> Most potent raw material with highest carvacrol content Support body's internal fight against pathogens Promotes healthy skin response to external challenges
	Monolaurin	<ul style="list-style-type: none"> Coconut acid derivative which promotes healthy skin and internal immune response Lauric acid is converted to the mono-glyceride, via an enzyme, creating the bioavailable Monolaurin. We deliver this nutrient in the preferred Monolaurin form
	Olive Leaf Extract	<ul style="list-style-type: none"> Contains d-lenolate, one of nature's powerful natural antibiotics Supports the body's internal defenses
	Stabilized Allicin	<ul style="list-style-type: none"> Stabilized to ensure active allicin content versus garlic powder Sourced in southern Europe, the bulbs must meet minimum allicin content, measured by HPLC before production Kept under constant pressure, water filtered (solvent-free) & low-temperature dried
	CurcuWIN™ turmeric extract	<ul style="list-style-type: none"> Promotes healthy inflammation levels & healthy skin response to external challenges Published research demonstrating highest bioavailable form of turmeric CurcuWIN™ combines curcumin with a hydrophilic (allowing it to disperse in water) carrier, using the UltraSOL™ molecular dispersion technology. UltraSOL™ converts lipophilic (fat loving or fat absorbing) nutrients into water-dispersible ingredients.

well-researched stabilized allicin versus inexpensive garlic powder or oil based products with little or no allicin content) to provide the most efficacious combination product. Microbinate® is designed to promote the body's healthy response to microbial challenges, internally and externally.

Suggested Use

As a dietary supplement, take 1 capsule twice per day for the first week, and 2 capsules twice per day in week two and beyond. For optimal results, take away from meals or use as directed by your healthcare professional.

Cautions

Do not use while pregnant or nursing.

Product No. RN139

Artemisinin Solo™

Pure Artemisinin

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 45

Amount Per Serving	%Daily Value**
Artemisinin	250 mg †
<i>Artemisia annua</i> L.	

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Vegetable cellulose, silica.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

Artemisinin Solo™ contains pure artemisinin for targeted immune support, and to promote healthy NF-kB levels. Our artemisinin is the active constituent derived from the herb, *Artemisia annua* (sweet wormwood), which has been used for centuries for its health-promoting properties. To provide a 100% vegan formulation, this product is encased in a vegetarian capsule.

Suggested Use

As a dietary supplement, take 1 or 2 capsules one or two times daily, away from food and iron or as directed by a health care professional.

Cautions

Do not use while pregnant or nursing. Long term administration (greater than one month) should be monitored by health care professional and include liver enzymes and hemoglobin testing. Detoxification reactions may be experienced by some individuals.

Artemisinin SOD™

Multi-Functional Formula

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 60

Amount Per Serving	%Daily Value**
Artemisinin	250 mg †
<i>Artemisia annua</i> L.	
Pro SOD Complex™	550 mg †
CurcuWIN™ turmeric extract, Quercetin, Decaffeinated Green Tea 95% extract, Black Walnut Hull	

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Vegetarian cellulose (capsule shell), silica, and microcrystalline cellulose.

Contains: Tree nuts (Walnut hulls)

Manufactured without milk, eggs, fish, crustacean shellfish, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

Artemisinin SOD™ combines pure artemisinin for immune support, green tea extract to promote healthy levels of SOD (superoxide dismutase), curcumin and quercetin for their healthy impact on cytokine activity and resulting inhibitory effect on NF-kappa B.

CurcuWIN™ combines curcumin with a hydrophilic (allowing it to disperse in water) carrier, using the UltraSOL™ molecular dispersion technology. UltraSOL™ converts lipophilic (fat-loving or fat-absorbing) nutrients into water-dispersible ingredients, the key to the published clinical research showing superior bioavailability versus any other form of curcumin.

Suggested Use

As a dietary supplement, take 1 or 2 capsules one or two times daily, away from food and iron or as directed by a health care professional.

Cautions

Do not use while pregnant or nursing. Long term administration (greater than one month) should be monitored by health care professional and include liver enzymes and hemoglobin testing. Detoxification reactions may be experienced by some individuals.

HERBAL TINCTURES

WITH ADVANCED PHOSPHOLIPID ABSORPTION

Features & Benefits*

Researched Nutritionals® line of tinctures have been physician formulated to be used as standalone or adjunctive support. Combining science and technical botanical learnings with a powerful phospholipid delivery system, Researched Nutritionals® tinctures provide the practitioner balanced support with optimal absorption and patient response. May be combined with many pharmacological and nutraceutical preparations. Use the chart below to determine the best tincture for your patient's needs.

- ✓ **Balanced Organ Support** – developed to promote healing and multi-organ support
- ✓ **Peak Absorption** – phospholipid delivery complex for maximum nutrient absorption
- ✓ **Superior Herbal Extraction Process** – organic cane alcohol is the preferred extraction process for alkaloid containing roots and barks

MICROBIAL BALANCE

Suggested Use *(all products)*

STARTING DOSE FOR ADULTS

Days 1-3

3-5 drops in 1-3 ounces of water in the morning and again in the evening

Days 4 & beyond

Increase 3-5 drops every other day, in both morning and evening doses

FULL DOSE FOR ADULTS

This would take 10-14 days to get to full dose of 40 drops in both the morning and the evening.

Another dosing strategy used by many doctors is to have patients work up to a double dose (80 - 90 drops twice per day).

For Best Results *(all products)*

As with any new nutritional supplement, patients should start slowly. Take away from meals and add to 1-3 ounces of water. If patient experiences nausea, have the patient dose the product 15-30 minutes after a light carbohydrate snack. Shake well before use.

What to Expect *(all products)*

Patient reaction to these advanced microbial balancers is similar to what one experiences when starting immune support protocols: some patients experience a "Herxheimer" reaction while others do not. However, a patient who reacts to antibiotics and/or other nutritional protocols should start slowly.

Caution

Do not use while pregnant or nursing.

Product No. RN161

BioDisrupt®

Comprehensive Microbial Support*

Features & Benefits*

BioDisrupt® supports the healthy immune system's ability to target the sophisticated self-defense mechanisms of unwanted extracellular organisms. These organisms have developed a series of advanced mechanisms which allow them to evade immune detection. As part of this system, these organisms assemble into clusters, surround themselves with a protective physical matrix, and communicate among themselves. As a result, many pharmaceutical and nutraceutical immune protocols are less effective.

Researched proprietary blends, EnzymeDisrupt™ & HerbDisrupt™, provide a comprehensive matrix support formulation.

Suggested Use

As a dietary supplement, take 2 capsules twice daily between meals, at least two hours after eating or one hour before eating or as directed by your health care professional.

Cautions

Do not use if pregnant or nursing.

Supplement Facts

Serving Size: 2 Capsules

MycoPul®

Advanced Binder Complex

Features & Benefits*

MycoPul® employs multiple targeted binders to remove mycotoxins (toxins produced by mold), heavy metals, and other environmental toxins from the GI tract. Because each mycotoxin is unique and responds differently, MycoPul's proprietary MycoPlex™ blend is formulated with multiple ingredients intended to bind and remove the most prevalent mycotoxins.

Included in MycoPlex™ is a patented, purified, and natural form of zeolite: G-PUR® Zeolite Clinoptilolite. G-PUR® uses a proprietary purification process to remove any contaminants it may have previously bound to from soil, enabling it to bind to more toxins within the GI tract. Other forms of zeolite have high aluminum to silica ratios reducing their binding ability. Our clinoptilolite form is more stable, does not break down in the body and has high affinity for binding ammonia. Our MycoPlex™ blend also contains PureBind™ humic acid, sourced from a particular peat bog in Europe known to produce the purest and most potent humic acid available.

Each Serving Includes:

Features	Constituents/ Actions	Benefits*
MycoPlex™ Binder Complex	PureBind™ Humic and Fulvic powder blend with trace minerals	<ul style="list-style-type: none"> Unique humic powder containing 70% humic acids, compared to 30% humic acids found in most generic humic powders. Derived from unique peat bog in Europe known for its low amount of environmental contamination and high potency. Humic and fulvic are general binders for mycotoxins and used specifically for Aflatoxins from Aspergillus in food
	Activated Charcoal	<ul style="list-style-type: none"> Supports removal of Ochratoxins, Aflatoxins, Trichothecenes, and Zearalenone
	G-PUR® purified Zeolite (Clinoptilolite)	<ul style="list-style-type: none"> G-PUR® Zeolite is a unique form of zeolite that is quality controlled and put through a patented purification process to remove heavy metals and contaminants G-PUR® Zeolite is of the clinoptilolite form, which has a high ion exchange capacity allowing it to bind more mycotoxins and heavy metals than other zeolite forms High affinity for binding ammonia which promotes healthy glial, liver and kidney function
	Microchitosan	<ul style="list-style-type: none"> Microchitosan can support healthy removal of fungus from the body Supports removal of Ochratoxin and heavy metals
	Silica	<ul style="list-style-type: none"> Aids aluminum removal from the body, essential for brain health

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 30

Amount Per Serving	%Daily Value**
MycoPlex™	600 mg †
Activated Charcoal, PureBind™ Humic Acid, Fulvic Acid, G-PUR® Purified Zeolite Clinoptilolite, Microchitosan, Silica (from Bamboo Extract)	

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Hypromellose (vegetable capsule)

Contains: Shellfish (snow crab)

Manufactured without milk, eggs, fish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

G-PUR® is a registered trademark of G-Science, Inc.

MycoPul® is a complete targeted binder with a high dose of safe ingredients for more vigorous removal of mycotoxins.

Mechanisms of Action*

- Binds to mycotoxins within the gastrointestinal tract to facilitate removal
- Decreases reabsorption of mycotoxins through enterohepatic circulation
- Multiple binders target specific mycotoxins from various mold species
- Binds with environmental toxins to facilitate removal

Suggested Use

As a dietary supplement, take 1 capsule once daily on an empty stomach (at least 2 hours after eating or 1 hour before eating) or as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN168

ToxinPul™

Multi-Function Detox*

Features & Benefits*

ToxinPul™ is a multi-function binder and detox support formula developed to provide your patients with the most comprehensive support available. Utilizing multiple mechanisms of action, ToxinPul™ binds toxins and metals throughout the body while supporting the healthy function of the critical detoxification pathways and organs such as the liver and the kidneys.*

Supplement Facts

Serving Size 3 Capsules Servings Per Container 30

Amount Per Serving	% Daily Value**	
Vitamin C (from LivCleanse™ Complex)	100 mg	111%
ToxPul™ Complex	660 mg	†
Fulvic Acid, PureBind™ Humic Acid, Organic Cilantro Leaf, Silica, Chlorella (Broken Cell) Powder		
LivCleanse™ Complex	1200 mg	†
Taurine, Dandelion (root)(<i>Taraxacum officinale</i>), Quercefit® (Stabilized Quercetin), Vitamin C (as ascorbic acid)		

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Silicon dioxide, hypromellose (vegetable capsule).

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

Quercefit® is a trademark of Indena S.p.A., Italy

Multiple Mechanisms of Action

Binds heavy metals and toxins such as glyphosate*

- Multiple binders provide full-spectrum support for a wide range of toxins and metals*
- Includes both systemic and GI tract binders

Supports essential detoxification organs and pathways*

- Herbal blend supports liver and kidney function*
- Supports bile flow for healthy toxin removal*
- Vitamin C for antioxidant support*

Suggested Use

As a dietary supplement, take 3 capsules once daily on an empty stomach (at least 2 hours after eating or 1 hour before eating) or as directed by your health care professional. It is recommended to take a multi-mineral such as Core Minerals™ at the opposite time of day while using ToxinPul™.

Cautions

If pregnant or nursing, consult your health care professional before use.

ToxinPul™ consists of clinically researched ingredients, each with a specific role in promoting the body's healthy detoxification of herbicides and metals. Particular forms and sources of ingredients were chosen for their exceptional purity and efficacy, such as Quercefit®, a unique form of quercetin that is 20x more absorbable than standard quercetin, as well as PureBind™ humic acid, a superior, premium humic acid known for its purity and concentration. (Contains 70% humic acid vs. the 30% found in most standard humic substances).

Each Capsule Includes:

Features	Constituents/ Actions	Benefits*
ToxPul™ Complex	PureBind™ Humic Acid, Fulvic Acid, Silica, Chlorella, Cilantro	<ul style="list-style-type: none"> • Targeted binders for multiple chemicals including pesticides, herbicides, and heavy metals* • Binding of toxins in both the GI tract and systemically* • Silica to aid in binding aluminum and prevent accumulation of aluminum in the body* • Cilantro to support mobilization of toxins in the body to increase removal*
LivCleanse™ Complex	Taurine, Dandelion, Quercefit® (Stabilized Quercetin), Vitamin C	<ul style="list-style-type: none"> • Taurine to support bile flow for better toxin removal and a source of sulfur needed for detoxification pathways* • Quercefit® (20X more absorbable form of Quercetin) to support healthy liver and kidney function* • Dandelion for healthy liver support and protection from herbicides* • Vitamin C for antioxidant protection and protection from harm from mycotoxins*

Heat Stable

We subjected Tri-Fortify® to 104°F/40°C and 75% Humidity for 90 consecutive days and the product still exceeded label claim.

Suggested Use

As a dietary supplement, gently squeeze the tube to fill 1 teaspoon (5 mL), or open a single serving packet. Hold under tongue for 30-60 seconds and then swallow, or use as directed by your health care professional. Additional doses may be taken before other meals as well.

For best results, place tube on side during storage and shake well before use.

Cautions

If pregnant or nursing, consult your health care professional before use.

TWO FLAVORS

Original & Vanilla Caramel

Product No. RN141 Product No. RN164

C-RLA™

Liposomal Vitamin C & R-Lipoic Acid

Features & Benefits*

C-RLA™ offers a safe, efficacious delivery system of High Dose Vitamin C and R-Lipoic Acid in one formulation. Each serving contains 1500mg of Vitamin C and 70mg of R-Lipoic Acid in a natural (GMO-free) liposomal preparation. As most oral Vitamin C doses above 250mg are very poorly absorbed, the only efficacious high dose oral delivery system is via liposomes. Many doctors supplement in-office Vitamin C drips with C-RLA™ so the patients continue to receive the benefit of high-dose Vitamin C without stomach distress.

Lipoic acid helps protect against oxidative stress generated by high glucose levels. Alpha-lipoic acid consists of two different forms (isomers) that have vastly different properties. The "R" form is the biologically active component (native to the body) that is responsible for lipoic acid's phenomenal antioxidant effect. The "S" form is produced from chemical manufacturing and is much less effective. Typical alpha-lipoic acid supplements consist of the "R" and

"S" form in a 50/50 ratio. Pure R-lipoic acid may be 10 times more effective than other forms of lipoic acid and has been called the "mitochondrial antioxidant" because it is a key component of mitochondrial dehydrogenase complexes. The pure R-Lipoic Acid in C-RLA™ supports a healthy inflammatory response and is a potent free-radical scavenger.*

Suggested Use

As a dietary supplement, mix 2 teaspoons (10mL) in water and take away from food, or as directed by a health care professional. **Shake well before use. Refrigerate after opening.**

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN140

TocoPure™ D&G

Cardiovascular, Immune & NF-kB Support*

Supplement Facts

Serving Size: 2 Softgels
Servings Per Container: 30

Amount Per Serving	% Daily Value**
Tocotrienols	250 mg *
(As DeltaGold® 90% d-delta tocotrienol and 10% d-gamma tocotrienol)	

** Percent Daily Values are based on a 2,000 calorie diet.
 † Daily Value not established.

Other Ingredients: Gelatin, glycerin, purified water
 Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

TocoPure™ D&G is pure tocotrienol derived from the beans of the annatto plant. The benefit of annatto derived tocotrienols is that they contain 100% delta and gamma tocotrienols and no tocopherols (which may reduce the absorption of the potent tocotrienol compounds). The power of pure tocotrienols, especially high levels of the delta and gamma tocotrienols includes promoting healthy cellular apoptosis, supporting normal LDL cholesterol levels and cytokine activity (supporting NF-kB management). As an extremely powerful antioxidant, pure tocotrienols play a key role in maintaining cellular membrane health.

Suggested Use

As a dietary supplement, take 2 softgels daily, with a meal or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Softgel Includes:

Features	Constituents/Actions	Benefits*
Pure Tocotrienols	90% Delta tocotrienol 10% Gamma tocotrienol	<ul style="list-style-type: none"> Promote healthy cellular apoptosis Support normal LDL cholesterol levels Potent compounds promoting healthy cytokine/NF-kB activity Acts as an antioxidant in the body
Annatto-plant derived	Delta & Gamma isomers (compounds within tocotrienols) No tocopherols	<ul style="list-style-type: none"> Optimal absorption & health benefits when consumed away from tocopherols (more standard form of Vitamin E)

WHY GO TOCOPHEROL-FREE?

Because tocopherol...

- Blocks absorption of tocotrienols
- Compromises tocotrienol's ability to reduce cholesterol*
- Induces breakdown of tocotrienols
- Increases cholesterol in high doses*

Product No. RN149

H₂ Absorb™

Effervescent Antioxidant

Features & Benefits*

Molecular Hydrogen (two atoms of hydrogen combined into one molecule) is a powerful antioxidant that selectively targets the most toxic of free radicals, the hydroxyl group. The ability to selectively target free radicals is important as it means that it will not interfere with adjunctive therapies doctors may be pursuing.

The healthy body creates free radicals as a result of normal activity & metabolism. These free radicals, known as ROS (reactive oxygen species) or RNS (reactive nitrogen species) are kept in

Supplement Facts

Serving Size: 1 Tablet Servings Per Container: 60	
Amount Per Serving	% Daily Value **
Magnesium	80 mg 19%
RN Ionic Hydrogen Matrix (Dextrose, Malic acid, Tartaric acid)	520 mg †
** Percent Daily Value based on a 2,000 calorie diet	
† Daily Value not established.	

Other Ingredients: Adipic acid, sodium stearyl fumarate

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

check by the healthy body, maintaining normal mitochondrial function. Health challenges, including chemical exposure or physical stress, provide additional obstacles to maintaining this balance.

In contrast to many antioxidants, hydrogen gas is able to penetrate the blood brain barrier.

Suggested Use

As a dietary supplement, place 1 tablet in approximately 8 oz. of non-carbonated water, wait for tablet to dissolve and drink immediately. Repeat twice daily or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Tablet Includes:

Features	Constituents/Actions	Benefits*
Molecular Hydrogen	Hydrogen molecule in gas form	<ul style="list-style-type: none"> Selectively targets toxic free radicals such as the hydroxyl free radicals – the strongest oxidizing (toxic) radical Neutralizes hydroxyl free radicals by turning it into water (as a result of giving up an electron) This selectivity makes this therapy an adjunctive approach to certain immune protocols targeting toxic oxidants Hydrogen gas is a very stable molecule which cannot be broken apart by good free radicals
	Mitochondrial Advantage	<ul style="list-style-type: none"> Most free radicals are formed in the mitochondria, as it produces energy (ATP) Hydrogen is the lowest weight (smallest) element and, as a neutral molecule, is easily absorbed into the cell and mitochondria As a gas, hydrogen can penetrate cellular membranes & enter intracellular compartments Promotes healthy level of oxidative stress
	Hydrogen molecule is balanced (two electrons & two protons)	<ul style="list-style-type: none"> This means that it is neutrally charged and will not make water acidic It is tasteless, colorless and odorless
	Promotes healthy glutathione levels	<ul style="list-style-type: none"> Hydrogen gas positively impacts gene transcription, promoting glutathione production

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Capsule shell (hypromellose, water), rice maltodextrin, medium chain triglycerides, rice bran. Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

VitaFiber® is a registered trademark of BioNeutra.
DE111® is a registered trademark of Deerland Probiotics & Enzymes, Inc.

CoreBiotic® is a registered trademark of Researched Nutritionals, LLC. All rights reserved.

Features & Benefits*

CoreBiotic® combines three spore forming probiotics to help promote the development of a healthy digestive microbiome. Spore based probiotics are derived from the soil. Traditionally when people consumed organic produce they ingested soil-based probiotic organisms (SBO). These SBO's helped maintain a normal microbiome in the intestines. Today with processed foods containing pesticide and hormone residues, people do not consume these beneficial SBO bacteria leading to dysbiosis or microbial imbalance.

Because they are derived from soil and not from dairy, SBO's are heat stable, dairy-free, pesticide-free, and hormone-free. Safety for humans has been established by double-blind, randomized, placebo-controlled trials.

Spore forming probiotic bacteria can withstand stomach and bile acid. This allows them to pass into the intestines safely without degradation. Once in the intestines they leave the spore form and produce lactic acid which has natural antibacterial properties to prevent growth of pathogenic bacteria. This competitive inhibition helps the beneficial probiotic bacteria proliferate.

Each probiotic in CoreBiotic® is identified by genomic sequencing for a specific strain. Only strain-specific probiotics have undergone rigorous genomic studies, guaranteeing accurate strain specificity, potency and safety. Each of the strains in CoreBiotic® has research on its safety and efficacy.

Suggested Use

As a dietary supplement, take 2 capsules once daily or use as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
Probiotic complex	<i>Bacillus subtilis</i> (DE111 strain)	<ul style="list-style-type: none"> Research showing increase in beneficial <i>Bifidobacterium</i> Supports the normal immune reaction of intestinal cells Communicates with intestinal cells to maintain healthy gut barrier function Works via competitive exclusion (to the detriment of harmful bacteria) Isolated and described in 1915. It is considered to be a normal inhabitant of the gut in animals and humans
	<i>Bacillus Coagulans</i> (SNZ1969)	<ul style="list-style-type: none"> Survives gastric acid barrier and produces L+ Lactic acid which is beneficial to the gut. Safely used as a probiotic for more than 45 years
	<i>Bacillus coagulans</i> (Lactospore® strain MTCC 5856)	<ul style="list-style-type: none"> Works via competitive exclusion (to the detriment of harmful bacteria) Helps regulate gastrointestinal motility
Prebiotic	VitaFiber® (from cassava root)	<ul style="list-style-type: none"> Organic prebiotic fiber to promote colonization of probiotic bacteria Efficacy with smaller dose

Prebiotic-Free

Product No. RN163

CoreBiotic® Sensitive

Prebiotic-free for Sensitive Patients

Features & Benefits*

CoreBiotic® Sensitive was specifically developed for patients who are sensitive to prebiotics and/or are following a low FODMAP diet. CoreBiotic® Sensitive includes the same 11 billion CFU's per dose and the same researched-based strains as CoreBiotic®, but without the VitaFiber®. See CoreBiotic®, previous page for additional features and benefits.

Suggested Use

As a dietary supplement, take 2 capsules once daily or use as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

PROBIOTICS

Product No. RN169

Multi-Biome™

Multi Source Probiotic

Features & Benefits*

Multi-Biome™ is a combination spore and non-spore (traditional live strain) probiotic, with each strain supported by specific research. Multi-Biome™ is formulated to specifically promote healthy intestinal histamine, immune, cytokine and digestive functions. Efficacy and safety are guaranteed, as each strain is genomically sequenced.

Each Serving Includes:

Features	Constituents/ Actions	Benefits*
MB Complex	<i>Bacillus subtilis</i> DE111®	<ul style="list-style-type: none"> • Supports healthy immune function • Communicates with intestinal cells to maintain healthy gut barrier function • Works via competitive exclusion to crowd out harmful bacteria while increasing beneficial Bifidobacterium • Spore-based probiotic
	<i>Lactobacillus rhamnosus</i> GG	<ul style="list-style-type: none"> • Decreases histamine levels • Strong adhesion to intestinal epithelial cells • Increases secretion of protective mucins • Supports digestion & intestinal motility • Helps regulate immune function • High survival rate through gastric juices
	<i>Bifidobacterium lactis</i> Bi-07	<ul style="list-style-type: none"> • Supports regulation of digestion • Strongest immune focused probiotic • Important for large intestine health • Helps stabilize gut microbiota during antibiotic treatment • Decreases histamine levels
	<i>Bacillus coagulans</i> SNZ 1969	<ul style="list-style-type: none"> • Produces L+ lactic acid which is beneficial for the digestive system • Spore-based probiotic
	<i>Bacillus coagulans</i> MTCC 5856 Lactospore®	<ul style="list-style-type: none"> • Works via competitive exclusion and helps regulate gastrointestinal motility • Spore-based probiotic
	<i>Lactobacillus salivarius</i> Ls-33	<ul style="list-style-type: none"> • Supports immune regulation and tolerance • Helps support healthy regulatory immune cytokines • Promotes healthy digestive function • Decreases histamine levels

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 30

Amount Per Serving	% Daily Value

<i>Bacillus Subtilis</i> (DE111®), <i>Lactobacillus rhamnosus</i> (GG), <i>Bifidobacterium lactis</i> (Bi-07), <i>Bacillus coagulans</i> (SNZ1969), <i>Bacillus coagulans</i> (MTCC 5856), <i>Lactobacillus salivarius</i> (Ls-33)	

† Daily Value not established.

Other Ingredients: Rice dextrin, delayed release capsule (hypromellose, pectin, water), medium chain triglycerides.

Contains: Tree nuts (coconut)

Manufactured without milk, eggs, fish, crustacean shellfish, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

DE111® is a registered trademark of Deerland Probiotics & Enzymes, Inc.

Multi-Biome™ incorporates the latest capsule and bottle technology, ensuring maximum efficacy of the traditional live strains:

- Delayed-release capsule ensures the probiotics are not released until the capsule passes beyond the stomach
- Desiccant-lined bottle to protect the non-spore (live) strains from moisture

Mechanisms of Action

- Promotes healthy microbial balance
- Decreases histamine levels in the intestine
- Promotes healthy cytokine activity
- Supports regulation of digestion
- Supports healthy immune function and immune balance
- Works via competitive exclusion of harmful bacteria

Suggested Use

As a dietary supplement, take 1 capsule once daily or use as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN171

OraMax™

Complete Oral Health Complex*

Features & Benefits*

OraMax™ is a comprehensive oral health solution that promotes a healthy oral microbiome, disrupts harmful plaque-causing biofilms, and provides antioxidant protection to support oral tissue and periodontal health. Include OraMax™ as part of standard dental care to optimize patient oral health.

Mechanisms of Action*

- Restores a healthy oral microbiome
- Disrupts dental biofilms / plaque
- Promotes normal gum tissue via a healthy regulatory cytokine response
- Crowds out bad breath-causing bacteria

We cannot overlook the importance of oral health as a critical aspect of whole-body health.

The oral microbiome is one of the body's first defenses against immune assaults. An unbalanced oral microbiome has been associated with increased pro-inflammatory cytokines such as IL-6 and reduced regulatory cytokine, IL-12. Adverse gum health compounds these same cytokine responses, and if this cytokine balance is left untreated, it may lead to long-term bone, gum, and tooth health issues. Gum health is also closely linked to heart health and overall aging status. Studies that involved probiotics as an adjunct to clinical periodontal treatment report a marked improvement in patient clinical status compared to clinical treatment alone.

OraMax™ combines published researched-based probiotic strains, enzymes, herbs, and xylitol to promote healthy cytokine and oxidative stress responses, maintain normal plaque levels for long-term teeth and gum health, and maintain a healthy oral microbiome.

Suggested Use

As a dietary supplement, dissolve 1 tablet in mouth and swallow. Use twice daily, ideally after brushing your teeth, or as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN107

Soothe & Relaxx™

All-In-One Joint, Soft Tissue & Muscle Support*

Features & Benefits*

Soothe & Relaxx™ combines soft tissue, joint and muscle support with the proprietary Relaxx™ Complex to calm the mind.

Suggested Use

As a dietary supplement, take 3 capsules twice daily with or without meals or as directed by your health care professional.

Cautions

5-HTP should not be taken with prescription antidepressants such as MAO inhibitors and SSRI's or with Parkinson's medications.

White Willow Bark, the active ingredient in aspirin, should not be taken with blood thinning medications or potassium sparing diuretics. If pregnant or nursing, consult your health care professional before use.

Pro Joint Soothers™	Proprietary blend of glucosamine sulfate, MSM, chondroitin sulfate, hyaluronic acid	<ul style="list-style-type: none">Supports connective tissueLubricates jointsPromotes joint resilience, elasticity and overall strength
ExInflame™ Complex	Proprietary blend of White Willow Bark, Boswellin, Curcumin Extract, Holy Basil	<ul style="list-style-type: none">Promotes a healthy inflammation response
Muscle & Leg Calmer™	Proprietary blend of magnesium hydroxide and malic acid	<ul style="list-style-type: none">Calms muscle contractions and relaxes the body's muscles
Relaxx™ Complex	Proprietary blend of 5-HTP, Valerian, Lemon Balm, Passion Flower, German Chamomile	<ul style="list-style-type: none">Relaxes and calms the mindPromotes healthy sleep patterns

Product No. RN134

Omega-3 Plus™

Pure High Potency Fish Oil

Features & Benefits*

Omega-3 Plus™ contains 360 mg EPA and 240 mg DHA in each absorbable softgel. Omega-3 Plus™ is processed utilizing high vacuum molecular distillation. This more expensive processing guarantees the highest purity EPA/DHA available. Each batch is subjected to stringent testing to assure every soft gel is free of heavy metals and other contaminants.

Suggested Use

As a dietary supplement, take 2 soft gels daily with food or use as directed by your healthcare professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size 2 Softgels Servings Per Container 30

Amount Per Serving	% Daily Value	
Calories	20	
Total Fat	2 g	3%**
Polyunsaturated Fat	1 g	†
Protein	< 1 g	1%**
Fish Oil Concentrate	2 g (2000 mg)	†
Omega-3 Fatty Acids:		
Eicosapentaenoic Acid (EPA)	720 mg	†
Docosahexaenoic Acid (DHA)	480 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Softgel capsule (bovine gelatin, glycerin, water) and d-alpha tocopherol.

Contains: Fish (anchovies and sardines) and d-alpha Tocopherol from non-GMO soy.

Fish oil is product of Peru, Morocco.

Manufactured without milk, eggs, crustacean shellfish, peanuts, wheat and corn. Produced in a facility that may process other ingredients containing these allergens.

Each Softgel Includes:

Features	Constituents/Actions	Benefits*
Molecularly distilled	Maximum Purity	<ul style="list-style-type: none"> Guarantees highest quality and freshest Omega-3
Guaranteed Purity	Tested to be free of potentially harmful levels of heavy metals & other contaminants	<ul style="list-style-type: none"> Ensures your patients of the highest quality, potency and purity

Product No. RN128

CogniCare®

Mental Acuity & Focus*

Features & Benefits*

CogniCare® provides a comprehensive cognitive support formula with proprietary blends of the most researched nutrients for mental clarity and processing activities.

Suggested Use

As a dietary supplement, take 2 capsules twice daily with meals or as directed by your health care professional.

Cautions

If you have low blood pressure, have a history of heart problems, strokes or are using blood-thinning medications, AChE inhibitors, glaucoma or bipolar medications, consult your doctor before using this product. For adult use only. Do not use while pregnant or nursing.

Supplement Facts

Serving Size: 2 capsules
Servings per Container: 60

Amount Per Serving	%Daily Value**	
Vitamin B-6 (Pyridoxine HCl)	10 mg	588%
Vitamin B-12 (as methylcobalamin)	2500 mcg	104,167%
NeuroTransmitter™ Complex	650 mg	†
L-Glutamine (free form), L-Tyrosine, Phosphatidyl Serine, Huperzine A		
Ultimate Focus™ Complex	780 mg	†
Acetyl-L-Carnitine, Vinpocetine		

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Vegetable cellulose (capsule shell), dicalcium phosphate, silica.

Contains: Ingredient derived from soy.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

CogniCare® is a registered trademark of Researched Nutritionals, LLC. All rights reserved.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
NeuroTransmitter™ Complex	Proprietary blend of Huperzine A, L-glutamine, L-tyrosine, Phosphatidyl Serine	<ul style="list-style-type: none"> Supports healthy cognitive performance Promotes healthy acetylcholine levels Modulator of inhibitory and excitatory neurotransmitters Allows brain cells to metabolize glucose Modulates the fluidity of cell membranes -- essential for sending and receiving messages Promotes a healthy number of membrane receptor sites for receiving messages Restores brain's supply of and output of acetylcholine Plays important role in production of neurotransmitters, which regulate emotions
Ultimate Focus™ Complex	Proprietary blend of Acetyl L-Carnitine and Vinpocetine	<ul style="list-style-type: none"> Promotes healthy blood circulation within the brain Nurtures healthy neural levels of acetylcholine, a major neurotransmitter which assists memory and proper brain function Advances the body's ability to fight oxidative stress
ProAcuity & Mood Complex™	B-12 (methylcobalamin form), B-6	<ul style="list-style-type: none"> Promotes healthy mental mood function Supports normal memory and verbal function Promotes healthy mental acuity

Product No. RN162

BDNF Essentials®

Neuroplasticity Support Formula*

Features & Benefits*

BDNF Essentials® is a comprehensive supplement designed to support your brain's healthy response to environmental challenges, as well as promote healthy brain activity with aging. BDNF Essentials® contains targeted herbs, mushrooms, and nutrients found to have brain supporting and protective properties that support memory, concentration, and cognitive processing. Many of these ingredients have been found in research to promote healthy formulation of nerve growth factors such as BDNF that help with neuroplasticity.

Suggested Use

As a dietary supplement, take 2 capsules twice daily with or without meals, or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Product No. RN115

InflaQuell™

Enzymatic support for healthy cytokine, respiratory, and vascular/fibrinolytic function

Features & Benefits*

InflaQuell™ is a vegetarian proteolytic enzyme system formulated to promote healthy inflammation, respiratory, and vascular functioning.* Proteolytic (protease) enzymes break down proteins in the body, including some involved in cytokine activation.

As a combination of highly researched vegetarian enzymes in the proper dosing relationship, along with Rutin's antioxidant support, InflaQuell™ provides the practitioner with a comprehensive targeted approach. Unlike broad-based standard digestive enzymes combinations, InflaQuell™ targets protein systemically (throughout the body) to optimize patient health. Proteolytic enzymes appear to have an affinity to accumulate at sites of higher cytokine activity, possibly accounting for their role in promoting a healthy inflammation response.

Supplement Facts

Serving Size: 3 Capsules Servings Per Container: 60

Amount per Serving	% Daily Value**	
Carbohydrates	<1g	<1%
InflaQuell™ 100 Blend (Protease 6.0, Bromelain, Papain Serrazimes® (endo/exo protease))	930 mg	†
Pro Capillary & Buffering Blend (Rutin, Ginger Rhizome)	450 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

Other Ingredients: Hypromellose (vegetable capsule), rice bran, and water.

Contains: Sulfites.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, and peanuts. Produced in a facility that may process other ingredients containing these allergens.

Serrazimes® is a registered trademark of Deerland Probiotics & Enzymes.

Optimal Absorption

Studies have shown that protease enzymes are absorbed intact and transported across the gut wall. These vegetarian protease enzymes work in a wide pH range (2.75 – 7.8), providing optimal absorption versus animal-sourced enzymes, which work well only in a more alkaline medium (7.2 – 11.0).

Mechanisms of Action

- InflaQuell 100™ blend of vegetarian sourced proteolytic enzymes breaks down certain proteins helping support a healthy inflammatory response, respiratory functioning, and vascular health.
- Rutin, a bioflavonoid, provides antioxidant support that has been shown to support healthy cardiovascular and inflammatory processes.
- Ginger Rhizome provides buffering to promote gastrointestinal comfort for sensitive patients.

Suggested Use

As a dietary supplement, take 3 capsules twice per day at least two hours after eating or one hour before eating, or as directed by your health care professional.

Cautions

This product may increase the absorption and distribution of certain pharmaceuticals. If taking prescription medication or if pregnant or nursing, consult your prescribing physician before taking this product. Systemically used proteases have anti-thrombic actions. Persons with bleeding disorders, or those who are taking anti-thrombic medications, may experience increased clotting times. This product may irritate gastric ulcers.

Each Capsule Includes:

Features	Constituents/ Actions	Benefits*
InflaQuell™ 100 Blend	Protease 6.0, Bromelain, Papain Serrazimes® (endo/exo protease)	<ul style="list-style-type: none"> • Plant-based pancreatic alternative • Protease consisting of amylase and lipase • Pineapple sourced (bromelain) enzyme promoting healthy white blood cell count • Serrazimes® provides a blend of proteases shown to break down protein substrates in a manner similar to serratiopeptidase. • Papaya sourced enzyme (papain) promotes a healthy inflammation response
Pro Capillary & Buffering Blend™	Rutin, Ginger Rhizome	<ul style="list-style-type: none"> • Rutin is a bioflavonoid that nurtures antioxidant and anti-inflammatory activities • Ginger gently buffers the capsules for sensitive patients

Product No. RN145

CytoQuel®

Pro-Inflammatory Cytokine Support*

Supplement Facts

Serving Size: 3 Capsules
Servings Per Container: 30

Amount Per Serving	%Daily Value**
CQ™ Blend	1850 mg †
Black Tea Extract (50% EGCG)	
N-Acetyl Cysteine	
CurcuWIN™ Turmeric Extract	
DeltaGold® Tocotrienols	
Resveratrol (Natural Trans-Resveratrol)	

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Vegetable Capsule, L-Leucine, Silicon Dioxide.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

CytoQuel® is a registered trademark of Researched Nutritionals, LLC. All rights reserved.

Features & Benefits*

Current research has focused on the impact of pro-inflammatory cytokines on inflammation levels. During an infection, the body naturally produces pro-inflammatory cytokines as part of its defense mechanism. The healthy body balances pro-inflammatory cytokines with anti-inflammatory cytokines. However, if these pro-inflammatory cytokines (i.e. IL-1, IL-6, IL-8, IL-17, IL-23), Tumor Necrosis Factor-alpha (TNF-α), Nuclear Factor kappa Beta (NF-κβ) continue in the "on position" and inflammation levels remain high, adverse health may be the result.

CytoQuel® has been developed to promote healthy cytokine activity. Based on the latest published research, CytoQuel® offers you and your patients an effective new tool in the quest for healthy inflammation levels.

Suggested Use

As a dietary supplement take 3 capsules once per day with a meal. Sensitive patients may start with 1 capsule per day with a meal for the first week, and then move up to 3 capsules per day in week two and beyond, or use as directed by your health care professional. For best results take away from Vitamin E (tocopherol).

Cautions

If pregnant or nursing, consult your health care professional.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
CQ™ Blend	N-acetyl cysteine (NAC)	<ul style="list-style-type: none"> Promotes healthy NF-k Beta, IL-6, IL-8 levels
	Black Tea Extract	<ul style="list-style-type: none"> High level of the polyphenol, EGCG Promotes healthy levels of IL-23, which controls IL-17 levels Supports healthy levels of NF-k Beta, TNF-α, IL-1 beta, IL-6, IL-8 (Herxheimer reactions increase TNF-α, IL-6 & IL-8)
	CurcuWIN™ turmeric extract	<ul style="list-style-type: none"> Promotes healthy levels of IL-6, IL-17, IL-21 Published research demonstrating highest bioavailable form of turmeric CurcuWIN™ combines curcumin with a hydrophilic (allowing it to disperse in water) carrier, using the UltraSOL™ molecular dispersion technology. UltraSOL converts lipophilic (fat loving or fat absorbing) nutrients into water-dispersible ingredients.
	DeltaGold® Tocotrienols	<ul style="list-style-type: none"> 100% delta and gamma tocotrienols and no tocopherols (which may reduce the absorption of the potent tocotrienol compounds). Promotes healthy inhibition levels of NF-k Beta & nitric oxide
	Resveratrol (Natural Trans-Resveratrol)	<ul style="list-style-type: none"> Promotes healthy inhibition levels of TNF-α, IL-1 beta, IL-6 & NF-k Beta

Product No. RN155

Curcumin Pure™

Ultra Absorbable Turmeric Extract*

Supplement Facts

Serving Size: 2 Capsules
Servings per Container: 30

Amount Per Serving	%Daily Value**
CurcuWIN™ Turmeric Extract	500 Mg †

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Cellulose (capsule shell), rice flour.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy, corn and gluten. Produced in a facility that may process other ingredients containing these allergens.

Features & Benefits*

Curcumin Pure™ offers physicians a standalone curcumin product featuring CurcuWIN™ brand turmeric extract. Published research shows CurcuWIN™ providing absorption at a rate of 46 times greater than other enhanced curcumin products. CurcuWIN™ combines curcumin with UltraSOL™, a molecular dispersion technology. UltraSOL™ converts lipophilic (fat loving or fat absorbing) nutrients into

water-dispersible ingredients. Curcumin is notoriously hydrophobic (not absorbed in water), reducing the body's ability to efficiently utilize the nutrient. CurcuWIN™ utilizes the UltraSOL™ technology platform creating molecular dispersion. The micro particles are then coated with food-grade excipients and antioxidants to protect and stabilize the curcumin. The excipients facilitate better dispersion in aqueous solution while the antioxidants protect and facilitate more efficient utilization within the body.

Suggested Use

As a dietary supplement, take 1 to 2 capsules once daily with or without food, or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Each Capsule Includes:

Features	Constituents/Actions	Benefits*
CurcuWIN™ turmeric extract	<ul style="list-style-type: none"> Pure curcumin with UltraSOL™ molecular dispersion technology 	<ul style="list-style-type: none"> 46 times more absorbable than traditional turmeric extract Contains a minimum of 20% curcuminoids

Product No. RN167

HistaQuel® is a registered trademark of Researched Nutritionals, LLC. All rights reserved.

HistaQuel®

Comprehensive Mast Cell & Allergy Support*

Features & Benefits*

HistaQuel® is a comprehensive formula providing a multi-faceted, systemic approach to supporting healthy mast cell function and histamine response.

Mast cells are part of the immune system and are primarily responsible for generating and releasing histamine in the body. Under typical conditions, this is a natural function of a healthy body working to rid itself of an allergen. However, mast cells can become overactive, releasing a cascade of histamine throughout the body, which results in heightened or continuous allergy symptoms.

HistaQuel® utilizes a comprehensive approach to support healthy mast cell function and histamine response systemically. Six clinically researched flavonoids and herbs have been combined to promote healthy levels of histamine production and healthy levels of histamine absorption. This holistic approach resulted in a comprehensive formula featuring dual mechanisms of action.

Mechanisms of Action*

- Promotes healthy amount of histamine release by supporting healthy mast cell function*
- Supports healthy level of histamine absorption by blocking histamine receptors (via competitive inhibition)*

Suggested Use

As a dietary supplement, take 2 capsules twice daily with or without meals, or as directed by your health care professional.

Cautions

If pregnant or nursing, consult your health care professional before use.

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 60

Amount Per Serving	%Daily Value**
Mast Cell Secure™	375 mg †
Quercefit®, Perilla frutescens (seed) Extract, Luteolin, Fisetin	
HistaCheck™	200 mg †
Black Cumin (Nigella sativa) Seed Extract, Stinging Nettle (leaf) Extract	

** Percent Daily Values are based on a 2,000 calorie diet.
† Daily Value not established.

Other Ingredients: Organic rice hulls, hypromellose (vegetable capsule), leucine.

Manufactured without milk, eggs, fish, crustacean shellfish, tree nuts, peanuts, wheat, soy and gluten. Produced in a facility that may process other ingredients containing these allergens.

Quercefit® is a registered trademark of Indena S.p.A., Italy

Each Capsule Includes:

Features	Constituents/ Actions	Benefits*
Mast Cell Secure™	Fisetin, Luteolin, Perilla frutescens, Quercefit® Quercetin Phytosome®	<ul style="list-style-type: none"> • Targeted flavonoid blend supports a healthy mast cell release of histamine • Moderates interactions between mast cells and activated T cells • Supports a healthy Th2 release of allergy promoting cytokines IL-4 and IL-5 • Supports a healthy IgE mediated release of histamine • Highly bioavailable form of Quercetin with 20 times increased absorption compared to standard Quercetin in published research
HistaCheck™	Stinging Nettle Leaf, Black Cumin (seed) extract	<ul style="list-style-type: none"> • Promotes a healthy level of histamine to bind to its receptors by competitive inhibition • Supports management of a healthy immune system response to allergens
